至福そして接吻日本語犬

The Chin - The Japanese Chin is a lively slender dog. Full of personality, smart and very loving. Whether as a calm lap dog or an agility champion, they fit the bill. It is a very interesting story as to how the Chin came to be in our country.

We invite you to our website to read about the Chin. We are a new breeder of the Chin in North America. Our kennel has earned 9 ribbons with two of our dogs in the first two shows the kennel has participated in. We are very proud and excited about our Sires and Dams. Come visit us at,
